

PAME II-2010 Agenda item 6: Follow up on the 2009 Arctic Offshore Oil and Gas Guidelines

With reference to PAME I-2010 RoDs: I(D) action 2 – for PAME consideration at a later stage. Denmark has done this in an informal way by providing web-based information and PAME countries are asked to provide information on best practices to Denmark to inform at next PAME meeting

Greenland EIA information on hydrocarbon activities

Greenland is currently working on a new set-up for their web page, so in the future the EIA information will be more accessible/user friendly. But for now, the links listed below direct to different EIA documents:
