

## 4th Marine Protected Areas (MPA) Workshop

Cambridge Bay, Nunavut, Canada

March 19 - 21, 2019

Canadian High Arctic Research Station (CHARS), 1 Uvajuq Road, CP 2150, Cambridge Bay, NU

*Exploring ways to support Indigenous/Local involvement in, and Indigenous/Local led, marine protection in the circumpolar Arctic Ocean*

### Annotated Agenda

#### Workshop Objectives

1. Develop our understanding of the state of Indigenous involvement in, and Indigenous led, marine protection in the circumpolar Arctic Ocean;
2. Develop our understanding of Indigenous, Traditional and Local Knowledge as a foundational element in MPA and MPA network design and management;
3. Identify ways to support a spectrum of Indigenous involvement in marine protection, including a community of information exchange;
4. Identify potential next steps in advancing the understanding of Indigenous involvement in the identification, design, management and monitoring of marine conservation areas; and,
5. Develop a new tool, such as best practices or lessons learned for Indigenous/Local involvement in marine protection in the circumpolar Arctic Ocean that could contribute to the expansion of PAME's MPA Toolbox.
